GitHub**: https://github.com/stellalph**

Full stack web developer leveraging background in finance and taxation to provide unique perspectives on how end-users interact with websites and software platforms. I have earned a certificate in Full Stack Web Development from the University of Adelaide Coding Boot Camp. I also have a Bachelor of Commerce (majoring in accounting) from The University of New South Wales, Australia and worked for many years as an Accountant.

Web Development and Information Systems always inspired me and I am very passionate about developing applications with a focus on mobile-first design and development.
My strengths lie in creativity, teamwork, and building projects from ideation to execution.

TECHNICAL SKILLS

Front end: HTML, CSS, Javascript, CSS Materialise, Node SASS, React, Reactstrap, Web APIs

Back end and others: Node.js, My SQL and Sequelize, MongoDB, Mongoose ODM, Insomnia, Heroku, Git, and JWT
